

The Blood of the New Covenant

Introduction:

What in your childhood home were you forbidden to touch? Why?

What event in your life would you most definitely not want to go through again? Why?

Observation:

Describe the earthly sanctuary. What happens in each place?

With what blood does Jesus enter the Most Holy Place?

What does Jesus' ransom buy?

What are the "copies" of v. 23?

Interpretation:

Why wasn't the earthly sacrificial system enough?

What is the significance of blood in atonement? Why is forgiveness so costly?

Why did Jesus have to die? Why does He not have to die again?

What is the inheritance for those who are called?

What does Jesus second coming mean for those who believe? For those who don't believe?

Application:

How do you deal with guilt?

If you are seeing Jesus' sacrifice for you in a deeper and fuller way, take the time to thank Him in prayer.

The author shows Christ's superiority to the OT systems. How would you show His superiority to the systems of today to those who are yet to believe?
